Question: 1

You need to configure the environment to meet the security requirements for the R&D group.
What should you do first?

- A. Start the information barrier policy application.
- B. Add an identity provider.
- C. Create two information barrier segments.
- D. Create one information barrier policy.

Answer: C

Explanation:

Create information barrier segments first, then create information barrier policy based on the segments then start the information barrier application.
